A hand-drawn wireframe of a shopping cart interface. The layout is enclosed in a large rectangular border. At the top, there are two main sections: 'Cart Detail' on the left and 'My Cart' on the right, both underlined. Below 'Cart Detail', there are two rows of items. The first row shows a crossed-out 'Delete' button, a circular icon with two dots, a wavy line, and a crossed-out 'Add' button. The second row shows a crossed-out 'Delete' button, a square icon, a dashed line, and a box containing the number '2'. Below 'My Cart', there are two rows of items. The first row shows a crossed-out 'Add' button, a wavy line, and the number '180'. The second row shows a box containing the number '2' and the number '250'. Below these sections, there are four buttons stacked vertically: 'Update', 'Cart Item Shipping', and 'Checkout', each enclosed in a rounded rectangle. The bottom of the interface has a horizontal line.
